DETAILED ACTION

1. The amendment filed 3/8/05 has been entered.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1, 2, 3, 6, and 7 are rejected under 35 U.S.C. 102(b) as being anticipated by Sato et al. (JP 11286353 A [equivalent to US 6,574,011]). Sato discloses a sheet post processing device that includes a stapling device (601); a discharge device (680b); a driving device; and a controller operable to cause the discharge device to discharge the sheet bundle in different ways between a case where the stapling device does not staple the sheet bundle, the stapling device staples the sheet at one point, and the stapling device staples the sheet at two points (See U.S. 6,574,011 col. 9-col. 10).

Allowable Subject Matter

4. Claim 4, 5, 8, and 9 are allowed.

Response to Arguments

5. Applicant's arguments filed 3/8/05 have been fully considered but they are not persuasive.
6. The applicant states that Sato does not disclose controlling the discharge speed of the bundle in different ways depending on different stapling operation or non-stapling operation. In response, the examiner notes that Sato discloses different devices operating on a bundle during

stapling and non-stapling (for example, a stapler) and devices operate on the bundle in different manners between non-stapling operation and different stapling operations (for example, the timing of the rocker arm).

Conclusion

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
